

Dear Potential Donor,

Please consider supporting **Camp Coral**, our annual two-week intensive marine conservation summer camp for youth ages **11-18**, by donating food and supplies or sponsoring a child to attend. Under the guidance of licensed expert **SCUBA instructors**, campers will earn an internationally recognized **SDI Open Water Certification**.

They will then put their new certification to work by planting coral and exploring the underwater world.

Your **tax-deductible donation** will provide scholarships, allowing campers—who otherwise couldn't afford it—an opportunity to experience **Florida's beautiful marine ecosystems**.

Why Support Camp Coral?

The camp's main objective is to **inspire and guide youth** toward a lifelong appreciation of marine conservation and a deeper understanding of our delicate and vulnerable marine habitats. Through a **hands-on, immersive experience**, campers begin their journey in **St. Petersburg's coastal areas** before traveling to the **Florida Keys** for a **once-in-a-lifetime diving adventure**.

Camp Highlights & Activities

This **action-packed, marine-focused** camp includes:

- ✓ **Open Water Dive Certification** (or specialty certification)
- ✓ **Open Water Dives**
- ✓ **Coral Restoration**
- ✓ **Sustainable Fishing Experience** – from **hook to plate**
- ✓ **3D Printing, Virtual Reality, Submersible Drones, and ROV Experiences**
- ✓ **Kayaking through Coastal Mangroves**
- ✓ **Species Discovery Excursion** with **Mote Marine Laboratory** in Sarasota

The **SCUBA training** is the highlight and **core focus** of Camp Coral. In the **first week**, campers earn their Open Water Certification and complete their **first open-water dive** off the shores of **St. Pete**. In the **second week**, they **apply their training** by participating in a **coral restoration project** in the **Florida Keys**, in partnership with the **Coral Restoration Foundation**.

Help Us Inspire the Next Generation of Ocean Stewards

Camp Coral is designed to foster **marine stewardship, sustainability, and exploration**, leaving campers with **unforgettable memories** and a **deeper understanding of ocean conservation**. By supporting a camper, you provide an **underprivileged youth** with a **life-changing experience** that could **shape their future and career path** in marine sciences.

Please consider sponsoring a camper or donating food and supplies to support this impactful program.

Sincerely,

Jenna Byrne
